**Organizational & Applicant Information**

- 1. Specify the issue areas and goals of your organization/program/grassroots initiative.**  
Provide a description of any existing organizing campaigns, coalition building, policy advocacy, popular education/leadership and member development that you are currently working on or plan to develop in the near future. What is the vision for change?
  
- 2. Describe your role in the organization/program/grassroots initiative.**  
What are your strengths? What are your challenges? What supports do you have? What supports do you need? How do current organizational resources and structures support your work? What is your vision for change?
  
- 3. Describe your learning goals.**
  - A. Why do you want to attend this institute? What are your expectations? What gifts do you bring to share with other organizers/popular educators/community workers? What are your own goals for developing your capacity as an educator, relationship builder, strategist, and as a voice for social justice in your city and communities?
  
  - B. How can the institute help you meet programmatic/initiative/campaign goals? In the short-term? In the long-term?
